Fiber Optic Sensor Front and Reverse Heads

For a wide range of special applications, the task optimised fiber heads provide best fitting sensing performance and adaption to environmental requirements. The limited reflective fiber heads for glass ...

Fiber sensor head with complete specifications, 9 categories and hundreds of sizes and shapes to choose from, suitable for various scene application and installation requirements

Note1 : Sensing range are specified for FX-500 series. Note2 : Response time of FX-500 series. Searching...

This is a series of fiber optic sensor heads designed to be connected to a fiber optic sensor amplifier. The FU Series offers a wide variety of options including thrubeam, reflective, retro-reflective and ...

Wholesale Fiber Optic Sensor Heads with reasonable price. More Solutions welcome to contact us!

Mouser offers inventory, pricing, & datasheets for Fiber Optic Sensors.

A wide variety of head types and cable types allow flexible adaptation to diverse detection environments and installation conditions.

The sensors are protected in a switching cabinet or at a safe distance, while the fiber-optic cable heads are mounted in the immediate vicinity of the target objects.

From high-quality fiber-optic amplifiers to rugged optical fiber cables and matching accessories. In combination, these perfectly matched components enable high efficiency and precision in demanding ...

Panasonic line of fiber optic sensors & sensor heads offer over 200 options to choose from & have multiple fiber amplifiers for your unique application.
