

2-fiber 4-electric switch with 2 gigabit fiber

I just had 2Gbps symmetrical fiber installed at my home, and I'll need a couple of new ethernet switches to take full advantage. Which would y'all...

?Up to 120km?: Fiber transceiver provides multiple Gigabit SFP optical ports and 10/100/1000M adaptive RJ45 network ports, users can choose different SFP optical modules ...

The installation and operation procedures of the Fiber Optic Media Converter are simple and straight forward. Operation status can be monitored through a set of Diagnostic LED located in the front ...

DS-3E2500-HI series supports the combination of 'Ethernet port + optical port' to meet networking requirements of various scenarios, which is convenient for users to build a flexible network. It offers ...

We offer solutions that provide seamless transmission and conversion from Ethernet media to multimode or singlemode fiber. Our Ethernet network switches with fiber ports comes in managed or ...

4-port managed switch with dual SFP slots expands your Gigabit Ethernet network in harsh environments, including construction sites, warehouses and factories.

Featuring four auto-sensing 10/100/1000 Mbps RJ45 Gigabit Ethernet ports, this unmanaged switch offers plenty of performance for the devices in your network. The switch features a power budget of ...

Our 4 Port industrial ethernet PoE managed Switch is Equipped with 2 Gigabit SFP uplink ports, the switch enables long-distance fiber optic communication. This ensures low latency and high ...

In order to meet the different requirements of industrial applications, this series adopts a modular design, up to 2 Gigabit optical fiber ports and 4 Gigabit Ethernet electrical ports, which enhances the ...

2-fiber 4-electric switch with 2 gigabit fiber
