

20km Single-Mode Fiber Optic Cable

AMPCOM's lab tested LC and SC connectors over 20km fiber optic cable links. Both LC and SC UPC connectors achieved insertion loss $\leq 0.15\text{dB}$ and return loss $\geq 50\text{dB}$ --well within single ...

This is a standard SFP optical module. It uses a single mode optical fiber and the speed rate can up to 155Mbps, transmission distance up to 20km.

ANC can rewire various types of bare fiber at customized length. This bare fiber optic cable spool is stable quality, fast delivery and price price.

The Cisco QSFP100 20km Bidirectional Pluggable Transceivers provide 100Gbps over single dedicated optical fiber on platforms at up to 20km on single SMF (Single Mode Fiber).

Compare 1.25G SFP 550m, 20km, 40km, and 80km modules by distance, fiber type, and cost. Make the right choice -- the first time.

The Corning SMF-28 Single-Mode Optical Fiber is a G.652 compliant fiber with low attenuation and PMD, empowering networks to achieve longer spans and extended reach.

Here you'll find a great selection of Fiber Optic Media Converters, Fiber Optic Patch Cables, System Accessories and Testing Equipment. This Fiber Transceiver / Media Converter is designed to convert ...

Our 25G SFP28 20km transceiver delivers extended-reach ...

Our 25G SFP28 20km transceiver delivers extended-reach connectivity for metropolitan area networks. Supporting up to 20km transmission over single-mode fiber at 1310nm wavelength, this module ...

Corning SMF-28 is a single-mode optical fiber meeting ITU-T G.652.D standards, designed for long-haul telecommunications, research, and specialized optical systems. This 20 km bare fiber spool supports ...

We use aramid yarn (Kevlar) to enhance the strength and durability of our single mode fiber optic cable, ensuring it can withstand tough conditions. Combined with high-quality optical fibers, our cables offer ...
