

# Andorra Free Quote for 200G High-Speed DAC Cable

We stock dozens of popular Direct Attach Copper (DAC) Cables and Loopback Adapter Modules that are specifically engineered with Amphenol's innovative proprietary advancements in High-Speed I/O ...

NADDOD Arista C-Q200-2Q100-2M Compatible 2m (7ft) 200G DAC cables deliver high-speed, low-latency connectivity for SATA, RADI systems, and 200G Ethernet. Each cable passes stringent ...

What is a 200G DAC cable and how does it work? A 200G DAC cable (Direct Attach Copper cable) is a high-speed, cost-effective solution for short-range data center interconnects. It uses copper wiring to ...

200G DAC Cables from JTOPTICS are Direct Attach Copper cables ideal for short-distance, cost-effective connectivity in top-of-rack or intra-rack applications. These cables provide low-latency, high ...

FS 200G DAC/AOC cables are compliant with MSA and IEEE standards for guaranteed compatibility and optimal performance and suitable for servers, switches, storage, etc. Purchase from nearby ...

Engineered for 200Gbps transmission, this 200g dac cable ensures low insertion loss ( $\leq 2.0\text{dB}$ ) and stable signal distribution, matching the performance of high-end 200g dac products.

Elevate your data center and enterprise network performance with our 200G QSFP56 Direct Attach Cable (DAC). This passive copper cable delivers a robust 200Gbps data transfer rate, providing a ...

The 200G QSFP-DD DAC cable contains 16 high-speed copper pairs, each operating at data rates of up to 25Gb/s of NRZ signals. It is compliant with QSFP28 MSA and supports the SFF-8636 compliant ...

With direct and breakout designs, NVIDIA optimization, and simple plug-and-play deployment, NS DACs are the reliable choice for short-range 200G connectivity in AI, HPC, and advanced data center ...

Call, chat, email or meet for Direct Attach Copper (DAC) connectivity support. Save up to 90% while improving deliverability & interoperability.

With direct and breakout designs, NVIDIA optimization, and simple plug-and-play deployment, NS DACs are the reliable choice for short-range 200G connectivity ...
