

Belarusian laser diode supplier

The company supplies a wide range of optical components as well as laser and nonlinear crystals. More than ten years of experience in development and manufacture of laser equipment for research ...

This is the supplier profile of LasersCom LLC, with address and other contact information, and with 3 registered photonics product categories.

86 Laser Diodes from 1 manufacturer listed on GoPhotonics. Search by specification. Selected filters - Country : Belarus, Page-1.

One of the ways we help our community of laser scientists and engineers find the best products for their projects is by hosting a free Open-Index product database. All manufacturers are also welcome to ...

All facts are derived from Volza's import export database of Laser, Diode, Module, which tracks verified trade transactions across 203 countries to ensure complete visibility into Laser, Diode, Module trade ...

Compare all Laser Diode Drivers, Current Sources, Pulsed Drivers, Temperature / TEC Controllers and Heat Sinks from Belarus

Our lightweight and compact laser diode, SLD and photodiode modules are applied in stationary and portable optical fiber equipment in the most demanding areas such as:

We developed the laser diode modules with record coupling efficiency and thermal stability of optical power, and photodiode modules with excellent return losses, responsivity, and dynamic range.

The MOPA UV engraver is a state-of-the-art machine designed to provide ultra-precise markings on a wide range of materials, utilizing UV laser technol...

Manufacturer of fiber-coupled laser diode, SLD, and photodiode modules. Provides OEMs with components for demanding applications in telecom, scientific research, life sciences, security, ...

Belarusian laser diode supplier
