

Belgian Drilling Rig Fiber Optic Sensor Wholesale

Since 1985, SENSY SA has been developing and manufacturing a wide range of force and torque sensors based on your specifications, as well as electronic load limiters (lifting) intended for various...

Identify and compare relevant B2B manufacturers, suppliers and retailers. Max. Melexis is a leading manufacturer of advanced mixed-signal semiconductor sensors, including pressure sensor ICs that ...

KEYENCE INTERNATIONAL (BELGIUM) provides Fibre Optic Sensors; Perform high-performance, high-speed detection with optical fibres designed to be used in a variety of environment conditions.

Industrialized optical fiber grating sensing solutions B-SENS develops fully-customizable temperature, strain & gas multipoint sensors for the reliable monitoring of industrial assets

Paulsson specializes in the development and production of borehole optical and electrical sensor systems for surveying and monitoring underground energy resources. Our systems have been ...

BELRAM is the major distributor, in Belgium and Luxembourg of connectors, cables, interconnection systems and accessories for professional applications.

Versatility and customization of our sensor and optical probes offers suitable products to numerous domains of applications, from test rig to embedded measurement.

We custom design a downhole fiber optic connectors suitable for use in the extreme temperature and pressure environments of a the oil & gas industries.

We take care of your infrastructure with powerful IoT and fiber optic solutions. Monitor, manage & maintain your critical assets with Fluves.

We offer unique turn key fiber optic sensing solutions to our clients. By the deep application know how and the >15 years of fiber optic sensing experience we are able to think with our customers and offer ...
