

Civil Defense Cable Tray Lifting Hook

Lifting hooks connect chains, slings, rope, and other components to anchor points or directly to loads for overhead transport. These heavy-duty lifting hooks hoist, move, and secure loads.

Refers to the approximate height of a cable tray used for specifying. Selecting a specific height will show cable trays with that height, as well as cable tray accessories compatible with that height.

A City Theatrical Cable Hook is a simple way to manage cable on a truss. Just hook the Cable hook over the truss and drop your power or data cable into the large hook.

These narrow cable trays are ideal for applications requiring cable trays without a conduit. They work particularly well for cable drops, branch runs, and smaller bundles of cables.

These special heavy duty tray hold down cable tray clamps and expansion guides are ideal for fastening tray to C-Channels and beams, such as those found on bridges. They are easy to install and reduce ...
