

# Cost DAC High-Speed €€€ Cable 200G

With direct and breakout designs, NVIDIA optimization, and simple plug-and-play deployment, NS DACs are the reliable choice for short-range 200G connectivity ...

What is a 200G DAC cable and how does it work? A 200G DAC cable (Direct Attach Copper cable) is a high-speed, cost-effective solution for short-range data center interconnects. It uses copper wiring to ...

200G DAC Cables from JTOPTICS are Direct Attach Copper cables ideal for short-distance, cost-effective connectivity in top-of-rack or intra-rack applications. These cables provide low-latency, high ...

With direct and breakout designs, NVIDIA optimization, and simple plug-and-play deployment, NS DACs are the reliable choice for short-range 200G connectivity in AI, HPC, and advanced data center ...

Our OSFP Cable line-up is OSFP MSA compliant and protocol agnostic for worry-free integration into 200/400/800-Gigabit Ethernet and InfiniBand networks.

Enhance your network performance with the PROLINE 2M 200GBASE-CU QSFP-DD DAC. Designed for seamless integration, this high-speed direct attach cable offers reliable connectivity and ...

200G QSFP28-DD Passive Copper DAC Cable 5m is a high-speed, cost effective data transfer cable that transmit data singals for networking devices - AscentOptics.

FiberWeek 200G QSFP56 passive DAC Cables are an efficient and cost-effective option for high-speed networking applications that require a short-range interconnect solution. Customized cables are ...

Designed for high-density, short-reach interconnects, these cables provide a cost-effective, low-power solution for flexible data center and high-speed networking deployments.

It provides a QSFP56-to-QSFP56 copper direct-attach solution. 200G QSFP56 DAC cables are suitable for very short links and offer a cost-effective way to establish a 200-Gigabit link between QSFP-200G ...

Experience high-speed 200G connectivity with Innoptical's QSFP56 direct attach cables. Enjoy reliable performance, low latency and cost-effective solutions for your data center interconnect needs.
