

# Custom Manufacturer of Adjustable Attenuators

We offer a robust portfolio of in-stock, adjustable RF attenuators and phase shifters for multiple applications, including test instrumentation, cellular communication, wireless communications, ...

Our in-line attenuator is customized to match the desired length and connector type specified by customers. The adjustable attenuator utilizes an air gap mechanism to regulate the attenuation value ...

Skyworks Solutions is pleased to offer a broad selection of GaAs digital attenuators, PIN diode voltage variable attenuators, and silicon fixed attenuator pads for infrastructure, test & measurement, and ...

Explore Bracke Manufacturing's in-stock RF attenuators, including fixed, variable, rotary, toggle, and high-power models. Designed for low VSWR and reliable performance across lab, test, and RF ...

Find reliable adjustable attenuators with 0-90dB range, stepwise control, and custom options. Compare top suppliers, verify specs, and click to source high-quality RF and fiber optic components today.

Digital attenuators are available with up to 7-bits and 0.25dB steps. Please use the Attenuator search below to select your product, or call us for availability and pricing at 1 (877) 367-7369. Please start ...

This section provides an overview for attenuators as well as their applications and principles. Also, please take a look at the list of 46 attenuator manufacturers and their company rankings.

They provide not only a stock of off-the-shelf models, but can also design and manufacture custom models for meeting specialty decibel values, form factor, power handling, or other unique parameters.

Over 400 attenuator models for 50-Ohm & 75-Ohm system including fixed, high-power, digital step / programmable, voltage variable and more! Stocked for shipping.

Manufacturer of standard and custom waveguide components including seals, rings, castings, couplers, antennas, adapters, flanges, gaskets, terminations, and tubing.
