

Customized Intelligent PDU Power Supply

Enhanced Engineering Solutions: Our commitment includes the seamless integration of power supplies and EMI filters directly into a PDU, customized specifically for your needs.

Custom PDUs, smart PDUs, and basic PDUs for industrial, military, aerospace, and OEM applications. We specialize in integrating power conversion, conditioning, and custom controls into application ...

Our solutions can be customized to fit different scales, from small server rooms to large data centers. Our flexible approach ensures that our clients get the most suitable solution for their specific needs.

Power distribution unit manufacturer for data centres and 19" racks. At Integra we can manufacture Custom PDUs and Bespoke PDUs designed to your exact requirement that complement our ...

Custom PDUs enhance data center power distribution by addressing AI and HPC demands. Learn about innovations like multi-output transformers and isolated designs for increased ...

Explore smart and basic PDUs for efficient power management in IT environments. Customize PDU modules to meet your specific needs and enhance system performance.

Explore a diverse selection of Intelligent PDUs, including Enlogic PDUs, tailored to suit your unique requirements. From basic monitoring to advanced metering and switching capabilities, Enlogic PDUs ...

Browse our products and documents for Configurable Power Distribution - Configured to order, factory assembled power distribution units for IT equipment in any size data center or high density zone.

Clever Basic Metered PDU offer a wide range of power input and output options from AC to DC, single-phase to three-phase, 10A to 63A. Modular structure, customized production.
