

Export optical transceiver module 25G

Westbury Photonics offers a range of 25G optical transceiver modules based on the SFP28 form factor pluggable. Order online today.

Broadex Technologies" high performance and cost effective 25G Optical Transceiver Modules are built utilizing our innovative SiPh and COB technology. These reliable and robust SFP28 modules support ...

FS 25G SFP28 optical transceiver solutions offer a wide variety of high-density and low-power connectivity options for 25 Gigabit Ethernet, telecom, and data center.

Whether you are upgrading a data center network, deploying 25G spine-leaf architecture, or evaluating third-party optics, this guide will help you determine if an SFP28 25G LR module is the right choice ...

ETU-Link Technology Co., Ltd. provides high-quality SFP28 25G Optical Transceiver Modules. Enhance your networking performance with our reliable solutions tailored for your needs.

This module can transmit data up to a maximum of 25 gigabits and can be easily installed even in limited installation spaces due to its compact design. By enabling bidirectional transmission over a single ...

AscentOptics" 25GBASE SFP28 (Small Form-Factor Pluggable) product family offers customers a wide variety of high-density and low-power 25 Gigabit Ethernet connectivity options for data center and ...

FibreCross provides a variety of customization options for 25G optical transceivers to meet your unique needs. You can adjust the wavelength, transmission distance, branding, and packaging according to ...

The Cisco 25GBASE-ER Module supports a link length of 40 kilometers on standard Single-Mode Fiber (SMF) G.652 at 25G. The module requires RS-FEC on the host ports for full ...

SONT provides advanced optical transceiver solutions for front haul and back haul to global mobile network operators covers a broad range of solutions from 10G to 100G, and from 100m to 80km.
