

Dimension's Dual-Magnification Fiber Optic Inspection Equipment enables fast, efficient inspection of fiber end-faces using both 400x and 200x magnification. With dual-screen simultaneous display or ...

From Lab & Production facilities to fiber testing in the field, when people need to inspect fiber, they look to VIAVI for the industry's best solutions to "Inspect Before You Connect".

Visual end face inspection occurs between each polishing step of a fiber optic cable manufacturing process. With a 450 nm LED to illuminate the fiber end face, the VSD500 system provides clear ...

AFL Fiber Inspection Products enable network technicians and other personnel to safely inspect fiber endfaces for contamination and verify the effectiveness of fiber cleaning procedures.

Industry's first AI-driven endface analysis for simplex, duplex and multi-fiber connectors. Delivers reliable and repeatable results with a self-contained, fully automated tool for zero-button testing all day--no ...

High-end fiber microscope for detailed inspection of single fiber and multi-fiber ferrules and patch cords, such as SC, FC, ST, LC, MU, MT, MTP®/MPO, as well as objects requiring longer working distance ...

The FIP100 from Tempo is a fully automated inspection tool that provides fast and reliable analysis of fiber optic connector end faces and bulkheads. With a single button press, the FIP100 automatically ...

We can pass/fail your fiber optic connector end-face quality to IEC61300-3-35 using automatic analysis. Single mode SM, Multimode MM ceramic ferrules 2.5 & 1.25mm diameter, PC & APC polish.

One may need to inspect either bare fiber ends or connectorized fibers. It is common to use various types of fiber endface inspection instruments which are specifically developed to analyze cleaved or ...

Dimension is committed to building a series of portable fiber optic end face probes/microscopes, becoming ideal tools for inspecting fiber connector end-face defects before and after network ...

Fiber Optic Endface Inspection Instrument Calibration in Estonia
