

Fiber Optic Splitter Card

This optical splitter use Planer Light wave Circuit (PLC) technology for split ratio 2, 4, 8,16, 32 and 64. And we produce 3 different type spliter PLC, such as micro tube, insert box type and ABS plastic box ...

It is an optical fiber tandem device with multiple input ends and multiple output ends (generally one input end in a CATV system). It plays a very important role in the process. To plan and distribute the ...

This passive splitter card utilizes advanced Planar Lightwave Circuit (PLC) technology to evenly divide a single optical input into 16 output channels, enabling service providers to maximize fiber utilization ...

Clearfield leads the way with optical component technologies for PON splitting, C/W division multiplexing and optical circulators. These products are custom built to your unique split ratios, light requirements ...

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL for high-reliability transmission. ...

CommScope offers a portfolio of bare and connectorized splitters/couplers in a wide range of styles and split ratios, and splitter modules for inside plant (ISP) and outside plant (OSP) applications that help ...

The PS-4100 Series at 24 lines/ card sets the standard for one of the highest line density in a 3RU EIA tall shelf (144 lines) that mounts in either 19" or 23" racks, AND in the 1RU EIA tall shelf (1.75"H) ...

Applicable to home wiring, engineering projects, corporate companies, fiber optic LAN. It has compact structure and good stability, and can be installed in various existing transfer boxes without leaving a ...

Buy Fiberhome Plug-in Card Splitter 1:8 SC for efficient optical signal splitting with low insertion loss. Ideal for FTTH, PON, and telecom fiber optic network distribution and expansion.

This passive splitter card utilizes advanced Planar Lightwave Circuit (PLC) ...

Planar wave guide optical separator (PLC Splitter) is an integrated wave guide optical power distribution device based on quartz substrate, which has the characteristics of small volume, wide working ...

Fiber Optic Splitter Card
