

Fiber optic cable with power supply

We offer DIN and rack mount AC/DC power supplies, DC/DC converters, as well as our patented Over Fiber system. Along with our power supplies we offer a variety of charge controllers and battery ...

We offer fiber optic materials from Test Equipment, Bulk Cable and Fusion Splicers to Tools, Patch Cables and Consumables.

By combining singlemode or multimode fibers with stranded conductors, our hybrid cables deliver reliable fiber optic signals to and from devices along with low voltage DC which simultaneously ...

Perfect for remotely powered Passive Optical LAN installations, security cameras, and wireless access points, the Slimline Hybrid Powered Fiber Cable offers the convenience of remote power and the ...

The powered fiber cabling solution combines high-performance, low-latency fiber-optic data connectivity with a copper low-voltage dc power connection. This enables the connection of any number of ...

DuetConnect Hybrid Copper-Fiber Cables allow one cable to offer the advantages of DC power and fiber, safely delivering both over long distances to remote locations where standard power is ...

Corning's powered fiber cable experts provide information about the distance, wattage considerations that drive power decisions.

With over 40 years of delivering power solutions for cable broadband networks, EnerSys® continues to bring power reliability for today's fiber optic broadband networks.

This compact fiber optic power solution is optimized for Fiber-to-the-Home (FTTH) and short-range commercial installations, delivering both power and data over standard single-mode or multi-mode ...

Our hybrid powered cable transmits data and power in one cable, ideal for powering security cameras, Wi-Fi access points, and more, eliminating the need for separate data and power lines.

We are committed to providing high-performing fiber optic cables through professional and reliable capabilities. Equipped with the most extensive and stringent testing and solution designing ...
