

Flame retardant heat shrink tubing for backbone networks

Our Flame Retardant Tubing is available with or without adhesive coating and ...

Choose from our selection of flame-retardant heat-shrink tubing, including heat-shrink tubing, moisture-seal heat-shrink tubing, and more. Same and Next Day Delivery.

As a world technology leader in the manufacture and design of interconnects and cable assemblies, Amphenol Industrial Operations (AIO) realizes there is a need for quality heat shrinkable materials.

Heat Shrinkable Tubing, Irradiated Polyolefin Material FP221 is a general purpose heat-shrinkable tubing. Its features are flexibility, flame retardant, self extinguishing and fungus proof. This tubing has a max. ...

Flame Retardant Heat Shrink Tubing & Sleeves are available at Mouser Electronics. Mouser offers inventory, pricing, & datasheets for Flame Retardant Heat Shrink Tubing & Sleeves.

Our Flame Retardant Tubing is available with or without adhesive coating and provides high mechanical strength and cut-through resistance equal to, or surpassing, the properties of low voltage cable ...

KTG offers halogen-free flame-retardant heat shrink tubing for electronic applications, providing insulation, protection, and compliance with environmental standards.

This flame retardant tubing has a heat shrinkable outer wall that is irradiation cross linked for abrasion resistance. The tubing also maintains a high flow and has superior adhesion characteristics.

In this guide, we'll break down everything you need to know about Flame Retardant Heat Shrink Tubing: what it is, why it matters, how to install it, and where to use it.

When it comes to Flame Retardant All Purpose Heat Shrink Tubing, you can count on Grainger. Supplies and solutions for every industry, plus easy ordering, fast delivery and 24/7 customer support.
