

Gigabit Fiber Transceiver Ic Interface

The transceiver is available as a mini-GBIC form factor, making it ideal for environments that require many fiber connections by taking up less space in your cabinet and/or computer room.

Enhance your network capabilities with our comprehensive Gigabit Ethernet Fiber ...

Product Number: SFP-GIG-LX/LC SFP Fiberoptic Gigabit Ethernet Transceiver SM with LC connector SFP Fiberoptic Gigabit Ethernet Transceiver SM with LC connector Availability: Global Status: Active

Gigabit Fiber SFP (LC) Multi-Mode Optical Transceiver Module These mini-GBIC (Gigabit Interface Converter) modules come in a metal housing that reduces electromagnetic ...

Enhance your network capabilities with our comprehensive Gigabit Ethernet Fiber Media Converter Kit. This kit includes everything you need to extend network coverage up to 550 meters, ensuring reliable ...

Each single mode SFP transceiver is equipped with a duplex LC fiber connection interface, and supports high-speed data rates up to 1.25Gbps. All TRENDnet SFP fiber modules support connections for ...

Gigabit Fiber SFP (LC) Multi-Mode Optical Transceiver Module ...

Compatibility in your network is everything, and this SFP Transceiver Module delivers. It has been designed, programmed and tested to work with HP / HPE-compatible switches and routers.

The SM311 series Fiber Module Cards are introduced for extending transfer distance. Attached to our managed/smart switches, they can extend the distance to several kilometers even tens of kilometers ...

The industry-standard Small Form-Factor Pluggable (SFP) Gigabit Interface Converter is a hot-swappable input/output device that plugs into a Gigabit Ethernet port or slot, linking the port with the ...

This data sheet describes the benefits, specifications, and ordering information for the Cisco SFP Modules for Gigabit Ethernet Applications.
