

H3cS5510 Fiber Optic Switch

The Fiber Ethernet Switch plays an integral part in most modern Ethernet local area networks (LANs). Mid-to-large sized LANs contain a number of linked switches.

When the optical ports on your S5510 switch are operating, do not stare into the optical ports because the laser light emitted by the optical fiber can hurt your retina.

It includes a built-in switch that enables distances up to 100km without additional hardware (e.g. Switch or Router) as well as security features allowing up to four different IP address aliases, manageable ...

View and Download H3C S5510 Series operation manual online. S5510 Series switch pdf manual download. Also for: S3610 series.

Switches range from 2 to 6 ports, speeds up to 10/100/1000. Temperature hardened and low port count ideal for linking multiple RTUs & PLCs in industrial and SCADA fiber optic networks.
