

High-precision imported Colombian optical backplane connectors wholesale

Our portfolio of backplane connectors features high-performance right angle, co-planar, and mezzanine interconnects, used for mating printed circuit boards together.

The Molex GbX I-Trac backplane connector system, with a broadside-coupled design scalable to 12.5+ Gbps, offers flexible signal assignment, orthogonal architecture, and reduced PCB ...

MXC™ Connectors The MXC™ connector platform is a versatile, cost effective, next generation connectivity solution optimized for direct interface to equipment densely populated with mid-board ...

The LightCONEX™ optical interconnect family includes plug-in and backplane module connectors that have been developed to be compliant with the forthcoming VITA 66.5 standard and in alignment with ...

Open.Tech specializes in providing custom backplane assemblies with a focus on high-speed, high-density components that power them. Our expertise includes the design and manufacture of critical ...

SENKO" Optical Backplane connector with AirMT(TM) technology offers excellent optical performance and stability. Blind mating technology connects up to 144 fibers using 24F MT ferrules.

SENKO" Optical Backplane connector with AirMT(TM) technology ...

Whether the priority is a proven cost-optimized solution or the best performing backplane connector on the market, Amphenol is your source for reliable high-speed and high-density connectors.

Samtec offers a variety of SureWare(TM) hardware for connector support, including precision standoffs, alignment hardware, and guidance modules to assist with mating/unmating and help ensure a ...

The Versatile Format Interconnect (VFI) Optical Backplane System offers flexible density options, reduced contamination risk and high optical performance, using MT-ferrule footprints.

Discover international buyers for your products with verified trade data from 223 countries. Ideal for suppliers expanding to new markets and trade professionals identifying high-potential importers. ...
