

# Honduras ODM Optical Module 100G

R& D of high-end optical transceiver products such as 800gG/400G/100G. Established a complete design team in optics, electronics, machinery, software, testing, and manufacturing.

As ETU-Link Technology Co., Ltd., we offer high-quality ODM 100G Optical Modules from trusted manufacturers. Buy directly from us and enhance your connectivity solutions today!

We provide comprehensive OEM & ODM services. Backed by 3 specialized factories and 400-500 optical experts, we precision-code, temperature-stress test, and live-verify every 100G QSFP28 ...

The product will supply to all over the world, such as Europe, America, Australia, Honduras,UAE,Florida,Really should any of these items be of interest to you, please let us know.

The ODM 100G Optical Module is a state-of-the-art solution designed for businesses that prioritize exceptional performance and reliability. Collaborating with top manufacturers, we ensure that each ...

High-Speed Connectivity: This 100G PSM4 optical transceiver module offers high-speed connectivity, ensuring seamless data transmission at a rate of 100G, making it ideal for demanding applications ...

The development of 100G Ethernet has brought a large market demand for 100G optical modules, among which 100G QSFP28 has become the most popular 100G optical module with its small size ...

The 100G QSFP28 module solution provides high-performance 100GbE connectivity for data centres, enterprise core & distribution layers, computing networks and service provider applications.

The 100G QSFP28 ER1 optical transceiver modules are designed to support 100G Ethernet, suitable for data center links up to 40km over single-mode fiber. The 100G QSFP28 ER1 module is compliant ...

High quality OEM / ODM High Speed Optical Transceiver Module 100G Base SR4 850nm from China, China's leading product market fiber transceiver module product, with strict quality control optical ...
