

# Huawei 24-port Industrial Grade Switch

Huawei CloudEngine S5735-L is a series of simplified gigabit access switches that provide 12-48 flexible all-GE downlink ports and four fixed GE or 10 GE uplink ports. They are designed for ...

Huawei CloudEngine S5735I-H-V2 series industrial switches (rack-mounted) are next-generation industrial switches that provide flexible all-gigabit access and GE/10GE uplinks.

The Huawei CloudEngine S5735I-H24U8S4XE-QA-V2 Series Industrial Switches are designed for high-performance and reliable industrial applications. With 24 x 10/100/1000BASE-T downlink ports, 8 x ...

The CloudEngine S5731I-L series supports an industrial-grade operating temperature range and can work in the cabinet in harsh outdoor environment. This makes them ideal for scenarios, such as ...

The S5700-28C-EI-24S-AC Huawei is a high-performance Layer 3 switch designed for enterprise campus networks, SMB aggregation, and secure departmental networking.

The Huawei CloudEngine S5735I-H24U8S4XE-QA-V2 Series Industrial Switches are designed for high-performance and reliable industrial applications. With 24 x ...

Discover high-performance Huawei network switches at Alibaba . Find reliable 24-port, POE, and enterprise-grade Ethernet switches ideal for home, business, and professional networking needs.

Huawei CloudEngine S5735-S is a series of standard gigabit access switches that provide 24-48 flexible all-GE downlink ports and four fixed 10 GE uplink ports. S5735-S switches are designed for ...

Equipped with 24 Gigabit Ethernet PoE+ ports and 4 x 10G SFP+ uplink ports, this switch delivers high bandwidth, intelligent operation, and long-term network ...

Huawei 24-port PoE switches integrate IEEE 802.3af/at standards, enabling simultaneous transmission of data and electrical power over a single Ethernet cable. This eliminates the need for separate ...

Huawei CloudEngine S5735I-S-V2 series industrial switches (DIN rail-mounted) are next-generation industrial switches that provide flexible all-gigabit access and GE/10GE uplinks. They stand out with ...

Equipped with 24 Gigabit Ethernet PoE+ ports and 4 x 10G SFP+ uplink ports, this switch delivers high bandwidth, intelligent operation, and long-term network reliability.
