

Huawei Optical Module I-1 1

The SSN1SLT1 (L-1.1,LC) Huawei is a 12-port STM-1 optical interface board engineered for high-capacity, short-distance SDH transmission. Each port supports 155 Mbps optical transmission using ...

Optical modules are important devices in fiber optic communication systems. Huawei Optical Module is manufactured by Huawei Technologies Co. and originated in Shenzhen.

Huawei SSN2SLO1 (L-1.1,LC) Board is a optical board, which can be used on the OptiXOSN3500/OSN2500/OSN1500 series equipment to receive and send 8-channel STM-1 optical ...

If an optical module is installed in a running switch, you can run the display transceiver command to view parameters of the optical module, including the center wavelength, transmission distance, fiber types ...

Huawei SSN2SLO1 (L-1.1,LC) Board is a optical board, which can ...

SSR1SLQ1 (S-1.1,LC) is a 4-ports STM-1 optical interface board, can be used on Huawei OSN1500B, OSN2500. SSR1SLQ1 (S-1.1,LC) part number is 03050793, model name is SSR1SLQ110.

Introducing the Huawei SSN1SL1A (L-1.1,LC), an advanced STM-1 Optical Interface Board designed to enhance your telecom infrastructure with high-speed and reliable data transmission capabilities.

To determine whether optical modules delivered for Huawei switches before January 1, 2016 are certified ones, contact Huawei technical support. If your optical modules are delivered after January ...

The company's technical engineer team is composed of former Huawei and ZTE core technical personnel, and has been focusing on the in-depth research on the practical application of optical ...

Huawei provides a full series of pluggable optical modules. A wide variety of modules give you flexible plug-and-play options for all types of interfaces.

Check Huawei SSN1SL1A (L-1.1,LC) product detail and price trend at [itprice](#) .
