

Indoor 96-core optical cable

This Indoor/Outdoor Ultra Thin Micro Armor Fiber(TM) Optic Cable is perfect for headend termination to a fiber backbone, termination of fiber rack systems, multi-floor deployment where select fibers are used ...

Opti-Core™ Fibre Optic Indoor Cable, 2 to 96-Fibres, EuroClass Eca and Dca for EMEA specification complying with IEC standards for low smoke / zero halogen (LSZH) and labeled as EuroClass ...

The smallest OD of any armor compared to conventional optical fiber cable in size and flexibility Lightest and smallest armor makes routing and installation faster and easier

The loose tube gel-free design is fully waterblocked using craft-friendly, water ...

The loose tube gel-free design is fully waterblocked using craft-friendly, water-swallowable materials, which means cable access is simple and no clean up is required.

96-core armored fiber optic cable: simple, practical, and built to save space--with an ultra-slim 6.0mm outer diameter. Its compact design cuts down on installation time and labor costs, while rugged ...

This high-density sub-unit branch multi core fiber optic cable is engineered for indoor backbone and main riser distribution in large commercial buildings and enterprise networks.

Universal (Indoor/Outdoor) dry core optical fiber Multi Loose Tube cable with glass yarns as strength member and Low Smoke Zero Halogen outer jacket. Product feature: This cable has rodent ...

Consisting of 96 single-mode fibers, this cable is crafted with an architecture that combines sub-units of eight cores, non-metallic strength members, and low-smoke zero-halogen ...

Learn more about high-performance indoor/outdoor fiber cables by CommScope. Enhance connectivity with precision.
