

Industrial-grade 4-fiber 24-electrical Layer 3 switch

24-Port gigabit Layer 3 managed PoE switch, 4 SFP+ uplink Enterprise-class Quality Ensures High Performance 6KV surge protection reduces the possibility of port damage Multiple Security Policies ...

The Comxus 24 port industrial grade network switch with 4 SFP ports is a future-ready industrial networking solution that combines Layer 3 intelligence, rugged durability, and high-speed connectivity.

Improve your industrial network with our high-performance 24-Port Industrial Ethernet Switch. It offers Gigabit Ethernet ports and high-speed SFP ports, ensuring seamless connectivity. Take control of ...

Industrial unmanaged switches from Phoenix Contact feature variable numbers of ports and a narrow design. We provide unmanaged switches with a variety of functions, depending on the application.

X3590P-24G4X is a rugged industrial-grade Layer 3 managed PoE+ switch, featuring 24 Gigabit PoE+ ports (IEEE 802.3af/at, 30W per port) and 4 10G SFP+ fiber uplinks, designed for harsh environments.

PLANET IGS-6325-24UP4X L3 Industrial Managed PoE++ Switch is a high-performance networking solution that provides 24 10/100/1000BASE-T 802.3bt PoE++ ports. Each port can deliver up to 95 ...

L3 24x 100/1000Base-X SFP + 4x GbE RJ45 + 4x 1G/2.5G/10G SFP+ | CTC Union's goal is to provide reliable, temperature resistant and rugged designs for harsh environments. We offer a full spectrum ...

IMS5300 Industrial L3 Managed Switch adopts the store-forward architecture, fan-less, and energy-saving design, providing 8/16/24-port 10/100/1000M RJ45 port and 4x 10G SFP+ Uplink ...

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard.

Improve your industrial network with our high-performance 24-Port Industrial Ethernet Switch. It offers Gigabit Ethernet ports and high-speed SFP ports, ...

This switch supports advanced Layer 3 routing features including static routing, dynamic routing (RIPv2, OSPF v2/v3), and IPv6 to meet the needs of large, segmented networks.

**Industrial-grade
Layer 3 switch**
