

Insert-type 1-to-4 optical splitter

The high performance 1-to-N or 2-to-N, single mode, passive power splitter based on PLC technology. The device uniformly splits the optical signals present at the input ports to multiple output ports.

1-to-4 SC/UPC optical cassette PLC splitter also call insert module PLC splitter, is a light branching device developed to distribute optical signal to multiple locations during FTTH deployment.

This PLC Splitter is a 1x4, with 1 input and 4 output fibers with an even split ratio ...

Fiber Optic Splitter 1-to-4 PLC (Planar Lightwave Circuit) Splitters are designed for single-mode applications and offer an even split ratio from one input fiber to multiple output fibers.

1*4 SC/UPC Fiber Optical Insert Type Splitter Fiber Components & Tools Fiber Optical Insert Type Splitter
1*4 SC/UPC Fiber Optical Insert Type Splitter Product description: 1*4 SC/UPC Fiber Optical ...

Our Cassette Type Fiber Optic PLC Splitters are designed for fast and reliable fiber optic signal distribution. With a plug-and-play design, these splitters eliminate the need for splicing machines, ...

Hanutech 1x4 insert type PLC Splitter. The interface type is SC/APC, fast and practical. Applicable to home wiring, engineering projects, corporate companies, fiber optic LAN.

PLC Splitter SC/UPC 1*4 Insert Type is 1-to-4 PLC Fiber Optic Splitter Box SC/UPC Connector Insert Type Applied for optical networks.

This PLC Splitter is a 1x4, with 1 input and 4 output fibers with an even split ratio across all fibers regardless of input wavelength. PLC Splitters are available with 900µm loose tube singlemode fiber ...

New: A brand-new, unused, unopened, undamaged item in its original packaging (where packaging is applicable). Packaging should be the same as what is found in a retail store, unless the ...

Hanutech 1x4 insert type PLC Splitter. The interface type is SC/APC, fast and practical. Applicable to home wiring, engineering projects, corporate companies, ...

The high performance 1-to-N or 2-to-N, single mode, passive power splitter based on ...

PLC-type fibre optic splitter is a fibre optic signal is broken down into multiple optical signal output, is one of the key components of the passive optical network, in order to adapt to the installation in the ...

Insert-type 1-to-4 optical splitter
