

Iranian Optical Separator 4-core

Products include Oghab series aerial imaging cameras, which can be mounted on piloted aircraft and unmanned aerial vehicles (UAVs), Fater series thermal cameras, and Sadad series long-range ...

Connect 95 Active Separator Filter Buyers in Iran based on import shipments till Feb-25 with details of Contact numbers, Qty, Current Pricing & Suppliers.

The knowledge-based Nanoguard company was able to provide the ground for reducing the accidents caused by the increase in battery temperature by developing the technology of making ...

For the first time in Iran, we have succeeded in designing and manufacturing a separator roll without a conveyor system, which maximizes the performance of the machine.

Fuel derived from waste is used as an alternative fuel, especially in cement factories, but is used as an energy source in many sectors. The material fed from the ballistic separator to the optical separator ...

EOVP-4 is equipped with infrared and TV cameras that in a modular structure have the ability to convert and adapt to a variety of parameters in the assigned mission.

MSS optical sorters use NIR and AI sensors with air ejection. Sort plastics, paper, metals by type and color. Fastest belt speeds at 1,000 FPM.

LONGI Magnet Co., Ltd. presents the LPPC separator, an automatic pre-separation machinery utilizing XRF theory for analyzing high-value metal ores. The equipment efficiently separates waste stones ...

These advanced systems are perfect for scrap yards, metal recycling, and waste sorting facilities, allowing for precise separation of household waste, plastics, glass, scrap metal, wood, and electrical ...

Raya Fiber Pars Company is the first manufacturer of optical fiber splitter in Iran and the only company licensed by the Organization of Industry, Mine and Trade to produce fiber optic splitter.
