

Laos RoHS Active Optical Cable QSFP

Amphenol's 100G QSFP28 to QSFP28 Active Optical Cable assemblies are a reliable, cost and power efficient, integrated solution which is ideal for high density signal transmission ...

The 100G QSFP28 Active Optical Cables are fiber assemblies with QSFP28 connectors designed for direct-attach connections over Multi-Mode Fiber (MMF). These AOCs comply with hot-pluggable ...

The active optical cables have a standard SFF-8665 compliant QSFP28 port on the electrical side towards the host system. It contains four multi-mode fibers (MMF) optic transceivers per end, each ...

These high performance and low power consumption AOCs are Ethernet, InfiniBand and MSA compliant with a robust construction, including a high-strength pull tab latching system which reduces plug loss ...

The maximum data transmission distance supported by the QSFP-DD 400G to OSFP-RHS is 30m on OM3 and 50m on OM4. The AOC cable is ideal for cloud data centers, 5G/6G mobile networks, and ...

The electrical interface uses a 76-contact edge-type connector. The transceiver is RoHS compliant. The active optical cable uses digital diagnostic features via the I2C management interface by CMIS V4.0 ...

Buy QSFP, QSFP+, SFP, SFP+, XFP, X2, XENPAK, GBIC transceiver modules and DAC, AOC cables with best prices and fast worldwide delivery at QSFPS

Buy QSFP+ 40G active optical cable (10m) for short-distance data center connectivity. Supports 40G/10G speeds, OM3 fiber, and works with Cisco, Juniper. 5-year warranty.

Active optical cables are much thinner and lighter than copper cables, which makes cable management easier. AOCs enable efficient system airflow, which is critical in high-density racks.

QSFP28 Active Optical Cables deliver high bandwidth optical connectivity for 100Gb networking environments requiring long reach and low power consumption. These assemblies integrate QSFP28 ...

The QSFP-DD-AOC is a series of QSFP-DD parallel active optical cables for storage, data, and high-performance computing interconnectivity. Each cable transmits error-free parallel 8x25Gb/s data over ...

SFP, QSFP, QSFP-DD, OSFP ACTIVE OPTICAL CABLE ASSEMBLIES Our active optical cable assembly portfolio provides improved cable flexibility and longer reach as compared to both ...
