

# Manufacturer of High-Temperature Resistant Grid Cable Management Frames for Cold Aisles

We develop customised products such as heat resistant cable ties made of plastics, high temperature insulation products or heat resistant sleeving to meet your individual demands.

We design, manufacture and market networking, connectivity, cable products and solutions for industrial automation, smart buildings and broadcast markets.

CommScope offers a variety of cable management hardware and solutions for frames, racks and cabinets

Discover our high-density AI cabinets and cooling solutions, designed with high load capacity, seamless hardware integration, superior energy efficiency, and advanced cable management--all within a ...

Discover our high-density AI cabinets and cooling solutions, designed with high load capacity, seamless hardware integration, superior energy efficiency, and ...

Accordingly, Cool Shield optimizes HAC (Hot Aisle Containment) or CAC (Cold Aisle Containment) systems for the unique specifications and site conditions of any data center.

Our vast selection of cabinets, thermal management, racks, enclosures for data centers, telecommunications equipment rooms, and enterprise cabling applications help optimize space, ...

Radix is the leader in high temperature wire and cable solutions to meet the most challenging and severe environments.

Hot and cold air containment systems designed to maximize cooling predictability, capacity, and efficiency at the rack, row or room level. Get flexible and cost-effective rack and containment ...

CableTek cable managers attach to the sides and/or in between open-frame racks to provide superior support and protection Patented arrowhead design provides easy access and proper cable ...

It is suitable for all applications including marine environments and food processing factories. Swifts cable ladders and metal cable trays are trusted for both large and small installations ...
