

Melted Tapered Type High Temperature Resistant Specifications and Models Imported

MOCAP provides high temperature tapered plugs for masking applications. Our TP-T Series of plastic plugs are made of vinyl and can be used to seal threaded and ...

TS Series tapered caps / plugs are made of a flexible and durable silicone material. The TS series offers all the versatility of our traditional tapers with the added resilience of silicone. Ideal for use in masking ...

Essentra Components has introduced a new line of high-temperature tapered caps and plugs for masking threaded or unthreaded holes and studs during finishing applications like powder ...

Tapered Plugs: High Temperature & Heat Resistant High Temperature natural color Silicone Rubber for use at 500°F / 260°C continuous and up to 600°F / 316°C intermittent short duration. Also available ...

These high temperature Tapered Caps & Plugs are typically used for threaded or unthreaded studs or holes. They offer all the versatility of Essentra's traditional tapered polyethylene parts with the higher ...

Explore our high-precision tapered roller bearings engineered for aviation. Built as ...

Explore our high-precision tapered roller bearings engineered for aviation. Built as heat resistant tapered roller bearings, they deliver unmatched reliability in extreme conditions.

Our experienced staff has the application and industry knowledge to manufacture molded bellows that meet your exact specifications and quality standards, and are delivered to you on time and ...

TEMPERATURE-RESISTANT: Caplugs TS Series tapered silicone caps and plugs are specifically engineered to withstand high temperatures, protecting up to 600°F for intermittent use or 450°F for ...

These high temperature Tapered Caps & Plugs are typically used for threaded or ...

MOCAP provides high temperature tapered plugs for masking applications. Our TP-T Series of plastic plugs are made of vinyl and can be used to seal threaded and non-threaded hole plug openings.

Keep dust and coatings out of threads and prevent damage during shipping and storage. One cap fits a range of diameters. Choose from our selection of high-temperature round caps, hollow high ...
