

# Moroccan Coherent Optical Module 100G

100G CFP DCO module of AscentOptics is a digital coherent optical transceiver module designed for 100G Ethernet and OTN OTU4 links reach up to 3000km ...

The NEC's 100G QSFP-DD DCO optical transceiver is an optical transceiver that utilizes coherent technology. QSFP-DD has backward compatibility with existing form factors such as QSFP+ and ...

The DTM-100G2 is a single-slot 100G coherent transponder module for Ciena's Z-Series Packet-Optical Platform. The DTM-100G2 supports pluggable CFP optics on both the line side and client side for ...

100G CFP DCO module of AscentOptics is a digital coherent optical transceiver module designed for 100G Ethernet and OTN OTU4 links reach up to 3000km over SMF.

Coherent's new 100G ZR QSFP28-DCO delivers the performance needed to simplify ROADM-based transport while improving network efficiency and scalability.

This white paper provides the industry's most in-depth look at the current state and future trajectory of coherent optical transmission.

Nokia's 100G ZR coherent module (QDCO1) provides the capacity and optical reach of coherent optics in flexible, small-sized QSFP28 modules. Supporting 100G capacity, the Nokia QDCO1 modules are ...

Get the pluggable module performance you need from the manufacturer of choice for all major networking equipment vendors worldwide.

The QSFP28 100G ZR can cost effectively extend 100G links to 80km on any fiber type, and is a cost-effective migration option of multiple 10G wavelengths to 100G.

GIGALIGHT provides 100G, 200G, and 400G pluggable digital coherent optical transceiver modules (DCO) for data center interconnection (DCI), 5G backhaul, metro telecommunication, and other long ...
