

Purchase OSFP optical modules NRZ

In more than 100 countries, our flexible payment solutions can help you acquire hardware, software, services and complementary third-party equipment in easy, predictable payments. Learn more. For ...

The 800G transceiver modules are ideal choice for AI data centers, enterprise networks and service provider networks. Click to get your 800G transceiver modules and cables from nearby warehouses. ...

100G to 1.6T Optical Module PHY Product Selection Guide Broadcom's Optical Module PHY portfolio spans multiple technology nodes -- 16nm, 7nm and now 5nm, with data rates from 100 Gbs to 1.6 ...

Octal Small Form-factor Pluggable (OSFP) solution that fits into high-density switch and router client ports for optical interconnect links. Powered by Greylock and Delphi DSP ASICs, and silicon ...

The 400G OSFP SR8 optical module supports speeds up to 425Gbps, short-range distance reaching up to 100m over 16 parallel multimode fiber (MMF) OM4. OSFP-400G-SR8 has an ...

Transceiver USA's optical OSFP modules are used in enterprise and datacenter networks. View price, stock and buy direct from Transceiver USA.

800G OSFP SR8 Optical Transceiver Module is a CZT fiber optic and SFP interconnect product for data center, telecom, and optical networking programs. It is supported by local product imagery. Confirm ...

Featuring CWDM DFB lasers with silicon photonics modulator chips, the modules offer low cost, low latency, and low power consumption (<8.5W, typical 7.5W at 800G).

Power your AI and cloud networks with next-gen OSFP optics. LINK-PP offers 400G/800G/1.6T modules, LPO, and high-efficiency thermal designs for ultra-dense data center fabrics.

The products are designed for both 28G NRZ and 56G PAM-4 protocols, with a roadmap to 112G PAM-4 for future system upgrades. The plugs utilize integrated thermal heatsink technology ...
