

Quectel Optical Communication Module

Quectel Wireless Solutions 4G IoT Modules are cost-effective, with lower-power LTE connectivity optimized for machine-to-machine (M2M), broadband, and IoT applications. The 4G IoT ...

Quectel Wireless Solutions is the leading global supplier of high quality LTE/LTE-A, NB-IoT/LTE-M, GSM/GPRS, UMTS/HSPA (+), and GNSS modules. The products can be widely applied in all IoT ...

Quectel's passion for a smarter world drives us to accelerate IoT innovation. A highly customer-centric organization, we are a global IoT solutions provider backed by outstanding support and ...

Quectel Wireless Solutions has announced a pair of new communications modules aimed at the Internet of Things (IoT), one working terrestrially and the other ...

Shop DigiKey's large in-stock selection of RF Transceiver Modules and Modems. View inventory, pricing and order now for same day shipping!

Quectel is an end-to-end IoT solutions provider. We exist to connect devices and people to networks of all kinds, powering digital innovation and helping to build a smarter world.

This is a list of Quectel's communication modules (3G/4G/5G). We also introduce points to consider when selecting a module.

Quectel cellular modules act as the core communication bridge between your hardware (modem, MP SMS gateway, GP VoIP gateway) and global mobile carriers. They convert IP/data/voice signals into ...

Quectel Wireless Solutions Co., Ltd. engages in the research and development, design, production, and sale of wireless communication modules and solutions worldwide.

Quectel Wireless Solutions Co Ltd (Quectel) provides IoT solutions. The company's product portfolio includes 2G and 3G modules, 4G modules, LTE, 4G modules: LTE-A, 5G modules, automotive ...

Our LTE modules have exceptionally small footprints, can optionally be appointed with multi-receiver GNSS capability for satellite positioning, and are equipped as standard with multiple-input multiple ...

Quectel Wireless Solutions is the leading global supplier of GSM/GPRS, UMTS/HSPA (+), LTE, LTE-A, LPWA and GNSS modules. As a professional IoT technology developer and cellular module supplier, ...

Quectel's presence at the 2026 Beijing show emphasises the rapid shift toward software-defined vehicles and

Quectel Optical Communication Module

AI-driven cockpit experiences. In case you are wondering, Quectel is a leading ...

Quectel Wireless Solutions has announced a pair of new communications modules aimed at the Internet of Things (IoT), one working terrestrially and the other aiming for the stars: the FGH100M Wi-Fi ...

Choose from our offer of 2107 QUECTEL products in the Communication Modules category. SOS electronic is an authorized distributor of QUECTEL. Apart from the components delivery, we can also ...

Quectel is a global IoT solutions provider: we exist to connect devices and people to networks and services, powering digital innovation and helping to build a smarter world.
