

This high quality, affordable and compact OES Spark Spectrometer is perfect for ...

Die zehnte Generation des SPECTROMAXx verfügt über völlig neue Werkskalibrierungen mit erweiterten Kalibrierbereichen und Elementauswahlen, optimierten Quellenanregungsparametern ...

The SPECTROMAXx ARC/SPARK OES analyzer delivers fast, accurate elemental analysis in metal producing and fabricating plants, and iron and non-ferrous foundries.

This high quality, affordable and compact OES Spark Spectrometer is perfect for the routine analysis of elemental content in materials such as Iron and Steels, aluminium, copper, zinc, lead alloys to name ...

Find your metal analysis spectrometer easily amongst the 39 products from the leading brands (Bruker, LECO, Shimadzu, ...) on DirectIndustry, the industry specialist for your professional purchases.

For onsite metal analysis, SPECTRO offers a complete range of mobile metal analyzer products, from handheld XRF to portable Arc Spark OES spectrometers.

The Thermo Scientific ARL easySpark Metal Analyzer brings all the features and benefits sought-after by small and medium size foundries, metal processors and other metallurgical industries and ...

Discover the top spectrometers for metal analysis best sellers in 2026. Compare handheld XRF, benchtop, and Spark OES models. Click to explore high-accuracy, non-destructive testing tools ...

The "Spectromaxx" optical emission spectrometer is used for the analysis of Fe-, Al- and Cu-based alloys, covering 20 methods, 45 elements and different adapters ...

The "Spectromaxx" optical emission spectrometer is used for the analysis of Fe-, Al- and Cu-based alloys, covering 20 methods, 45 elements and different adapters for various sample geometries.

The Thermo Scientific ARL easySpark Metal Analyzer brings all the features and benefits sought-after by small and medium size ...

Whether you need a gold tester, alloy analyzer, or elemental screening solution, the Qualitest range of XRF Spectrometers and Metal Analyzers ensures high-accuracy material analysis for your industry.

A growing number of metals manufacturers are turning to our ARL iSpark Optical Emission Spectrometer: a

Recommended Spectrometer
