

Single-mode dual-core fiber optic sleeve

This easy and cost effective method is a great alternative to recoating. The FPS01 and FPS04 series offer a wide range of options to accommodate various coating sizes, and are manufactured in a ...

Splice Technologies developed this product for our US military dual fiber TFOCA (Tactical Fiber Optic Cable) products. Designed with TWO separate inner adhesive conduits in one sleeve, our Standard ...

FiberOpticx Adapter Plate - Dual LC - 8 Port Multimode / Singlemode - Composite Sleeve. To accompany all SMP FiberOpticx enclosures, SMP developed snap-in fiber adapter plates that are ...

Corning offers a variety of splice protection choices to meet your needs. All the types of protection allow individual fiber access in the splice tray. Corning offers heat-shrink protection in both single-fiber and ...

Our single fusion splice protector sleeves are suitable for single and multimode optical fiber from 250 µm up to 900µm and multiple mass ribbon fiber protection sleeves.

Discover premium fiber optic splice protection sleeves. Engineered for durability, our heat shrink sleeves ensure long-term protection for critical fusion splices.

Designed for durability and reliability, the sleeves are constructed with an inner EVA meltable adhesive tube, and a polyolefin heat shrink outer tube. The strength member within the sleeve is made of ...

CommScope fiber adapters and connectors--including LC to SC adapters--are designed for excellent optical and mechanical performance--including simplex, duplex, and ganged options for singlemode ...

In-series couplers, between-series hybrid adapters, connector ferrules, and splice alignment sleeves. FC, SC, ST, LC, MTP, E2000, SMA, MU, MTRJ, and more types.

FiberOpticx Adapter Plate - Dual LC - 8 Port Multimode / Singlemode - Composite ...

WirewerksTM fiber optic mating sleeve adapters allow users to interconnect and precisely align two connectors of same interface and same gender.
