

Spectrometer Light Source Manufacturer

LightMachinery is a high-resolution spectrometer manufacturer and supplier. We are setting the new standard for range, resolution, and speed. Learn more now.

Find your spectrometry light source easily amongst the 41 products from the leading brands (KRÜSS, EDINBURGH INSTRUMENTS, Ocean Optics, ...) on MedicalExpo, the medical equipment specialist ...

The StellarNet portable Light Sources facilitate measurements in the UV, VIS, and NIR for various samples and application types using standard SMA-905 optical connectors. These low cost modular ...

Discover the light sources that will best suit your spectroscopy needs. We have a variety of light sources for UV, Visible, NIR, and Raman spectrometers.

You can use a light source which emits over a narrow wavelength range such as lasers or specific LED light sources. Alternatively, you can combine a broadband light source with a monochromator to ...

HORIBA offers a comprehensive array of light sources for a wide variety of applications in spectroscopy, solar and biomedical research. These light sources are available on a stand-alone basis, and ...

Find, compare, and request a quote for Spectroscopy Light Sources / Spectrometer Light Sources across leading suppliers at Labcompare.

Spectral Lamps and Light Sources for Spectroscopy (view as table) Soft X-ray and EUV source w changeable anodes EUV and Vacuum UV source for ionized gas emission lines Deep UV deuterium ...

Edmund Optics has been a leading producer of optics, imaging, and laser optics for 80 years. Discover the latest optical and imaging technology.

Our portfolio includes spectrometers, light sources, software, fiber optic cables, custom software, and accessories. Our products are highly customizable and are found in various markets and applications ...
