

Swiss Power Variable Frequency UPS Power System

The pumped storage power plant Grimsel 2 is equipped with four 100 MVA synchronous units. Each unit has a separate Francis turbine and pump on the same shaft to either generate electricity or pump water.

Fabrimex AG specializes in power supply solutions, offering a diverse range of products such as DC/DC converters, AC/DC modules, and uninterruptible power supplies.

We specialise in the planning, installation and maintenance of power supply and storage systems as well as compensation systems for our customers in Switzerland and for internationally active ...

Power Systems International is the leading supplier of frequency converters, aerospace ground power units, UPS power supply, and VFD drives.

Our team has been instrumental in advancing UPS technology, including early transformer-less designs and early developments in three-phase modular UPS systems. These innovations contributed to ...

Discover the top UPS manufacturers in the industry offering reliable uninterruptible power supply systems.

Discover STULZ's Uninterruptible Power Supply (UPS) systems, ensuring reliable power protection and efficiency for critical applications.

We can either supply complete turnkey systems or integrate your battery storage system into an overall system. The systems are in the power range 150 kW to 2 MW, scalable up to > 100 MW. The ...

Centiel is a Swiss-based manufacturer renowned for its advanced Uninterruptible Power Supply (UPS) systems, designed to ensure continuous power availability for critical applications.

Swiss power Solutions can supply an extensive range of both single and three-phase Uninterruptible Power Supplies (UPS). These units range from 650VA to 1.6MVA and are available in rack, tower or ...
