

# TP Industrial Switch Optical Module

TP-LINK TL-SM311LSA/B-2KM Industrial Optical Module offers high-speed bi-directional network communication up to 1000Mbps. This Gigabit SFP single-mode module is designed for long-distance ...

This module enables long-distance fiber optic communication over a 20-kilometer range, making it an ideal solution for industrial networks, large-scale installations, and enterprise applications that require ...

Distinguishing features: • duplex transmission with the use of two single-mode fibers, • transmission range up to 10 km, • LC optical connectors.

Shop TP Link Omada 1000Base LX SMF Industrial SFP Module For Data Networking, Optical Network 1 x LC Duplex 1000Base LX Network Black products at Best Buy. Find low everyday prices and buy ...

TP-LINK TL-SG2105P industrial-grade Gigabit 1 optical 4 electric PoE optical fiber transceiver SFP optical port high-power PoE power supply module 5 port network management switch VLAN rail type ...

The 9.953G-TX/9.953G-RX ONU Stick with MAC and Web Interface transceiver module is specifically designed for 10Gigabit capable passive optical network (XGS-PON) system. It integrates ...

Industrial Series Switches provide rugged and reliable connectivity in harsh environments, featuring industrial-grade hardware, a wide operating temperature range, and strong protection against ...

The OSM TP22 Optical Switch Module and the ESM TP40 Electrical Switch Module are new members of the OSM/ESM product family at the control level (design of system buses). They ...

TP-LINK's TL-SM321B-2 and TL-SM321A-2 is designed to work in a pair to create an on-site gigabit fiber communication up to 2km (2,000 meters). With one single-mode fiber, the pair of modules can ...
