

Wholesale Dutch Single-Mode Fiber Attenuators

Suitable for both 1310nm and 1550nm operation. DB Attenuation levels available from Fiber Cables Direct include 5dB, 10dB, 15dB and 20dB, call for other dB level options. Attenuators are typically ...

FS fixed and variable fiber optic attenuators with leading attenuating fibers guarantee consistent and stable fiber attenuation (0~60dB) in WDM transmission.

Available in FC, SC and LC (short form factor) connector styles with UPC or APC finish and ST connector styles with UPC finish, attenuators providing ultra-low return loss and are available from 0 ...

Fiber Optic Attenuator Single mode Fixed Type LC SC FC ST Fiber optic attenuator, also called optical attenuator, is a passive device used to reduce the power level of an optical signal.

Welcome to buy our high quality products or wholesale our customized fc singlemode bullhead fiber attenuators in stock with our factory. Also, free sample is also available if necessary.

Useful in all networks including WDM and EDFA system applications with high-power laser sources, these single-mode and multimode fiber attenuators are manufactured using doped fiber, provide ...

Fibertronics, Inc. provides an extensive selection of fiber optic attenuators tailored to meet diverse needs. These attenuators are suitable for use in single mode 9/125, multimode 50/125, and ...

We supply single mode SC fiber optic attenuators, they are available by bulk headed type or plug female to male type. The SC fiber optic attenuators work in the 1250nm to 1625nm range, with attenuation ...

Shop DigiKey's large in-stock selection of Fiber Optic Attenuators. View inventory, pricing and order now for same day shipping!

OTRANS: Professional fiber optic attenuator manufacturer offering fixed (e.g., SC APC) and variable attenuators for PON, DWDM, and telecom networks. Precise signal control, low back ...

Wholesale Dutch Single-Mode Fiber Attenuators
